

Optical Calibration Techniques and Issues

Short Technique Tutorials:

Jeff Baumgardner	Laboratory Lamp Calibration at Boston Univ.
Bob Kerr	Laboratory Lamp Calibration at Arecibo
Brian Sharpee	Standard Star Calibration
Ed Mierkiewicz	Nebular Calibration
Rick Niciejewski	TIDI Instrument
Tom Slanger	Using a Keck Spectrograph Clone as a Calibration Tool

Discussion Topics:

- **Challenges & advantages of applying specific techniques to particular science questions and instrumentation.**
- **Challenges associate with intercalibration of instruments.**
- **How can we help our community optimize calibration techniques?**
